**RIGHT OF WAY AND/OR
CONSTRUCTION FUNDS INLCUED
IN THE STIP**

<Right of Way Plan Completed

<Contract Plans Completed *

* PATS Forms required and accepted by GHQ Transportation Planning at this stage. However, cost estimate changes will not be reflected in the approved PATS database if submission occurs within the same fiscal year as the scheduled award date. Therefore, submission of a PATS form is not required within the current fiscal year.

This is a generalization of a typical project. PATS forms should be reviewed and submitted at each stage of development and at least once per year.
